OUR TWENTY-SIXTH YEAR

*Chase, Alabama,*
*September 25, 1916*

*To the Nursery Trade:*

*THIS is our 26th year in the Nursery business in Alabama. We hope to be here another 26 years doing the same thing but in a little better way each year. Many of you have been customers for twenty years and more; we want you all to stay with us for another twenty years or more and shall try our best to keep you contented and happy.*

*Truly and thankfully yours,*

*Chase Nursery Company*

SOUTHERN EXPRESS COMPANY

**SPECIAL NOTICE**—This list is intended for the TRADE ONLY. If it reaches people NOT entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not pack dealers' orders on our grounds, and do not authorize dealers to use our name.

# *Terms and Conditions*

## SHIPMENTS

Please state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests without assuming responsibility.

The risk and cost of transportation belong to purchaser.

## CREDIT

Usual terms to parties of known responsibility. We will not accept orders until we believe the buyer is good for the account. Cash before shipment required from parties unknown to us, or references with sufficient time for investigation before shipment.

## PRICES

We quote prices per 10, per 100, and per 1,000, as our stock warrants, and will supply nurserymen and dealers at prices named regardless of the size of the order, except in cases of long assorted lists of small quantities, when an additional charge will be made to cover the extra labor involved. Prices are subject to market changes.

## GRADES

We grade liberally by caliper and height. When both are specified, caliper measure governs, but we are careful to see that stock is uniform throughout. Our rule is: "When in doubt, put it in the lower grade."

All stock is graded and bunched in our storage houses, where we have water in abundance. Stock is handled from field to these buildings under large tarpaulins and roots kept moist until boxed.

## BUNCHING

Fruit Trees, 1 to 2, 2 to 3, and 3 to 4 feet, are tied 25 to the bunch; all larger grades, 10 to the bunch. Please make your orders in multiples of these quantities.

## LIABILITY AND CLAIMS

We are not liable for injury to stock from frost, hail, fire, or other causes beyond our control, and book all orders with this understanding. While we use every means at our command to secure prompt delivery, we are not liable for delays in transit; our responsibility ends upon delivery in good order to railway company. Remedy for loss must lie between the buyer and the railway company, but we will gladly render all the aid we can. Any other claims must be made immediately after receipt of stock.

## GUARANTEE OF GENUINENESS

We exercise the greatest care to keep our varieties pure and true to name, and hold ourselves in readiness at all times to replace, on proper proof, all stock that may prove otherwise, or refund the amount paid; but it is mutually agreed between the purchaser and ourselves that we shall not be liable for any amount greater than the original purchase price.

## SUBSTITUTION

We do not substitute unless instructed to do so, and then label true to name.

## CODE WORDS — TELEGRAPHIC ORDERS

When more than one grade is listed, a code word is used. Much expense can be saved in telegraphic orders by using these code words in connection with Nurserymen's Telegraphic Code, a copy of which we will mail upon request.

## BOXING

Charges as low as possible for well-made boxes, paper-lined:

| | |
|---|---|
| 30x30-in. heads, 7 to 9 feet in length | $2.50 |
| 24x30-in. heads, 7 to 9 feet in length | 2.25 |
| 24x24-in. heads, 7 to 9 feet in length | 2.00 |
| 18x24-in. heads, 7 to 9 feet in length | 1.75 |
| 18x18-in. heads, 7 to 9 feet in length | 1.50 |
| 15x15-in. heads, 7 to 9 feet in length | 1.00 |
| 12x12-in. heads, 7 to 9 feet in length | .75 |

On orders for roses, small fruits, etc., we can frequently use dry goods cases or shoe boxes at lower cost, and shall endeavor at all times to make lowest possible charges.

Bales, 25 cents to $1.50, according to size.

No packing charge if loaded in bulk car.

## REFERENCE

For those who do not know us we refer to any bank or business house in Huntsville, the Commercial Agencies, and the leading nurserymen of the United States.

Cordiformis Sieboldiana

Block of Nice English Walnuts at Chase

# Fruit Tree Seedlings

Undoubtedly foreign fruit tree stocks will be scarce and high this season, but we expect to be able to take care of our regular trade in the following items at reasonable prices. Invite correspondence from interested parties.

| | |
|---|---|
| Pear, 7 to 12 mm. | Myrobolan, 5 to 10 mm. |
| Pear, 5 to 7 mm. | Myrobolan, 3 to 5 mm. |
| | Mahaleb, 5 to 10 mm. |
| | Mahaleb, 3 to 5 mm. |

AMERICAN GROWN SEEDLINGS

Apple, No. 1 $\frac{3}{16}$ and up, straight.
Apple, No. 2, $\frac{1}{8}$ to $\frac{3}{16}$, straight.
Pear, Japan No. 1, $\frac{3}{16}$ and up.
Pear, Japan No. 2 $\frac{1}{8}$ to $\frac{3}{16}$.

We contract these in car lots and can probably save money for buyers south of the Ohio River.

Write for prices.

Gang of Budders at Chase.

# Grapes

| | Code | 2-Year No. 1 | Code | 1-Year No. 1 |

Block of Nice Deciduous Shrubs at Chase

One advantage we have here in North Alabama, and that is, that while we have enough cold weather to thoroughly ripen all nursery products, yet we are never "frozen in" (or up) for any length of time, and ship almost every day from October to April

| 18 to 24 in. | Spleen | 1.25 | |
| 12 to 18 in. | Splice | | 8.00 |

All Shrubs offered are at least two years old, unless otherwise specified; grown in rows 3 feet 9 inches wide, with ample space in the row for full development.

Our January List will show a good assortment Shrubs for lining out; plants will be "home-made," and in our opinion much superior to the imported stock.

# Altheas

BUSH FORM

| | Code | Per 1000 |
|---|---|---|
| 4 to 5 ft., well branched | Ail | $125.00 |
| 3 to 4 ft., well branched | Aim | 100.00 |
| 2 to 3 ft., well branched | Air | 75.00 |
| 2 to 3 ft., lightly branched | Aisle | 40.00 |
| 18 to 24 in., well branched | Alack | 40.00 |
| 1 to 2 ft., light | Alarm | 25.00 |

Admiral Dewey, Double White
Amplissima, Double Red
Anemonaeflorus, Double Rose
Ardens, Double Violet
Boule de Feu, Double Red
Carneus Plenus, Double Flesh
Coelestis, Single Blue
Duchess de Brabant, Double Red
Jeanne d'Arc, Double White
Monstrosus, Double White
Purpurea Semi Plena, Semi-Double Purple
Rubis, Single Red
Snowdrift, Single White
Souv Chas. Breton, Single Violet
Speciosa, Double Pink
Totus Albus, Single White

# Altheas, Tree Form

| | Code | Per 100 |
|---|---|---|
| 4 to 5 ft., 5/8 to 3/4 in. | Alien | $ 17.50 |
| 4 to 5 ft., 3/8 to 5/8 in. | Alight | 15.00 |
| 3½ to 5 ft., ½ to 3/8 in. | Alive | 10.00 |
| 3 to 4 ft. | Allay | 8.00 |

Anemonaeflorus
Souv Chas. Breton
Jeanne d'Arc
Monstrosus

# Altheas, Variegated

| | Code | Per 100 |
|---|---|---|
| 30 to 36 in. | Alas | $ 15.00 |
| 24 to 30 in. | Alate | 12.50 |
| 18 to 24 in. | Alcove | 10.00 |

We believe we grow as many Altheas as any concern in this country, and we know we grow them right. Our varieties are pure; we always run the digger under our 1-year block so that the larger sizes are all practically transplanted.

Block of Bush Form Althea at Chase

Take a look at our list of Nurserymen's Supplies, pages 31-47. All orders for supplies usually shipped next train after receipt.

BUNCHING

FRUIT TREES, 1 TO 2, 2 TO 3, AND 3 TO 4 FEET, ARE TIED 25 TO THE BUNCH. ALL LARGER GRADES, 10 TO THE BUNCH. PLEASE MAKE YOUR ORDERS IN MULTIPLES OF THESE QUANTITIES.

Young Evergreens at Chase

# Conifers

All Evergreens have been transplanted at least twice, larger sizes three or four times. Every plant in this list was moved in the spring of 1916. Prices quoted are for plants with naked roots, but the high-priced sorts should be balled and burlapped, for which we make an additional charge, as follows:

Plants under 2 ft., 5c each
2 to 3 ft., 8c each
3 to 4 ft., 10c each
4 ft. and up, 15c each

Always specify whether plants are wanted balled and burlapped or with naked roots. When shipped with naked roots plants are puddled immediately as dug, every precaution being taken to insure safe transportation.

**ABIES, Excelsa (Norway Spruce)**

| | Code | Per 10 | Per 100 |
|---|---|---|---|
| 2 to 3 ft. | Eager | | $ 17.50 |
| 18 to 24 in. | Eagle | | 15.00 |
| 15 to 18 in. | Ear | | 12.50 |

NOTE — We catalogue all forms of the Chinese Arborvitae (Biota Orientalis) under the heading "BIOTA." The Western or American Arborvitae will be found under the heading "THUYA." All of the Biotas are especially adapted for Southern planting.

**BIOTA, Orientalis (Chinese Arborvitae)**

Abelia Grandiflora (page 13) is coming into its own. The demand from Landscape Architects throughout the South and Southwest is increasing rapidly and we are having quite a call for this plant all along the Atlantic Coast as far north as Philadelphia, and even on Long Island. It is one of the most useful plants in the Broad Leaved Evergreen class.

# Privet

We make a specialty of this plant, our production running into millions annually. Believe we put up as uniform grades as any firm in business. Please note carefully following description of grades.

Plants described as HEAVY carry four or more strong canes from the ground, except in the 12 to 18 inch size, which are graded three canes and up, side limbs not being taken into consideration. The LIGHT grades carry two and three canes from the ground, except in the 12 to 18 inch grade, which carries two only. All single stems are included in the TRANSPLANTING grade. All well rooted.

# *Nurserymen's Supplies*

## Knives

Except the Wostenholm I X L, which are imported, our entire line of Nurserymen's Knives is made especially for us of Wardlow's English steel. We have used and sold these knives for more than twenty years, and think they are of as high quality, price considered, as can be found anywhere.

Wostenholm's I X L Ivory Tip (¾ size) Budding.

### BUDDING

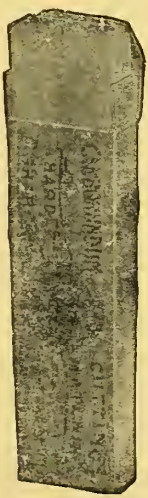
**WOSTENHOLM'S I X L IVORY TIP.** The best budding knife we know of, and strong enough for an all-purpose knife. 85 cents each; $8.50 per dozen, postpaid; $8.25 per dozen, by freight or express.

### GRAFTING

**C. A. G. GRAFTER.** Cocoa handle; pocket edition; 25 cents each; $3 per dozen, postpaid; $2.75 per dozen by freight or express.

### WHETSTONE

**WHETSTONE.** The best for budding and grafting knives. 15 cents each, postpaid.



Budders' and Grafters' Whetstone. Pocket size. Carborundum.

C. A. G. Grafter (¾ size) Grafting.

Chase's Special Ivory Tip (¾ size)

Stationary Budder

## BUDDING

**CHASE'S SPECIAL IVORY TIP.** A mighty good budding knife. Next to Wostenholm, it is the best ivory tipped knife we can find; in appearance almost exactly like Wostenholm. 60c each. $6.50 per dozen, postpaid; $6.25 per dozen by freight or express.

## STATIONARY BUDDER

(Blade does not fold)

Note shape, size, and "hang" of blade. Made for budding, but not as convenient for the pocket as the others. 25 cts. each; $2.50 per dozen, postpaid; $2.25 per dozen by freight or express.

## PRUNING

**C. A. G. PRUNER.** Stationary handle; full length 8 inches; length of blade 3¼ inches; well balanced "hook" and easy on the operator. Handle of hardwood fastened with three rivets set diagonally. After testing out this knife in our own work all this year we have decided to offer it to the trade as the best Pruning Knife of reasonable cost that we can find.

Price 35c each; $3.75 per dozen postpaid; $3.60 per dozen by freight or express.

Notice—We have discontinued the Flat Handle Pruner for two reasons—the factory has quit its pruning hooks for shrapnel exploders—so much harder on the hands than the C. A. G.

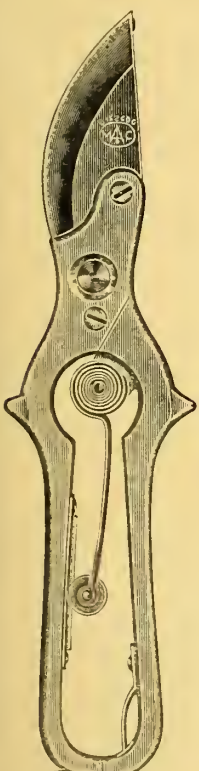
C. A. G. Pruner

## PRUNING SHEARS

**WATCH SPRING, FRENCH**; 6 inches. Per pair, postpaid, $1.00; per dozen pairs, freight or express (weight per dozen pairs, 5½ lbs.), $10.75.

**WATCH SPRING, FRENCH**; 8 inches. Per pair, postpaid, $1.35; per dozen pairs, freight or express (weight per dozen pairs, 7 lbs.), $14.50.

**WATCH SPRING, FRENCH**; 9 inches. Per pair, postpaid $1.70; per dozen pairs, freight or express (weight per dozen pairs, 11 lbs.), $17.00.

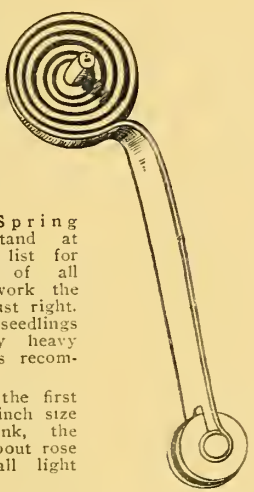


Watch Spring, French

The Watch Spring French Shears stand at the head of the list for making cuttings of all kinds. For this work the 8-inch size is just right. For cutting back seedlings to the bud or any heavy work, the 9-inch is recommended.

This season for the first time we offer a 6-inch size which is, we think, the best size for use about rose bushes and for all light work.

In making cuttings, the shears used should make a quick, clean cut (which these shears do to perfection), and they should have a properly proportioned grip to enable the operator to do a full day's work without cramp. We have used this make for years, and find that it fills the bill better than any other we have tried. Once in a while a spring will break We now import extra springs and can supply either size at all times.



Extra Springs

for our French Shears, all sizes, 20c each, postpaid. Easily put in place.

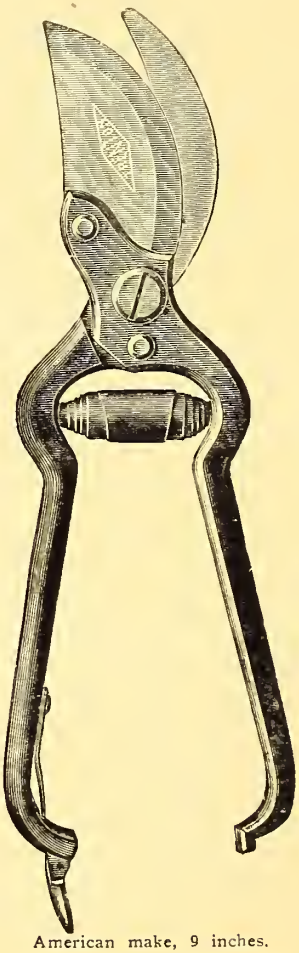
Ladies' Rose and Pruning Shears, 6-inch, Heavily Nickeled.

**LADIES' ROSE AND PRUNING SHEARS**, 6 inches. "Made in America" and, in our judgment, the best Ladies' Pruning Shears. Beautifully finished, shaped just right, high quality throughout. For all light work, for use around the roses, shrubs, etc., it just fillls the bill.

Per pair, postpaid ..... $0.75
Per dozen, freight or express ..... 8.25

PRUNING SHEARS (Continued)

HEAVY AMERICAN, 9 inches. This is a low-priced, good, well built, all around pruning shear. Have handled these for years and they give full value in service. Weight, 17 ounces; volute steel spring. Per pair, postpaid, 65c; per dozen, freight or express, $5.75. Half dozen at dozen rate.



American make, 9 inches.

SHEARS SPECIAL — A BARGAIN

This is a lot of seven dozen that we picked up cheap. They are strong, well made, but not highly finished. In shape and style are much like the American Shears. Volute spring. Size 9 inches. These were made by an old German cutlery maker, are made of good stuff; you will forget their rather rough appearance.

Price, while they last:

Per pair, postpaid ..... $ 0.55
Per dozen, f. o. b. here ..... 5.80

Half dozen at dozen rate.

We are trying to stock only such items of Supplies as we know to be "full value." If you have cause to complain on the quality of any item purchased from us we will appreciate the "straight talk."

## TESTIMONIALS

Georgia, May 3, 1916. It has always been very pleasant to do business with the Chase boys. It is a pity that all of the nurserymen could not transact their business in the same smooth manner as you do.

Tennessee, April 27, 1916. Please find enclosed check, which I am sorry to say winds up my account with you. You did nicely this season and your plants have better roots than I can buy at other places; in fact, it is a pleasure to do business with the Chases.

Maryland, May 23, 1916. The nursery stock came O. K. Last year of the entire lot of nearly 500 trees and plants I have only lost four or five, only one apple and no peach of the 400 trees; most of them made 3 to 5 ft. growth, and a good many of peach and apple have fruit on them.

Alabama, April 24, 1916. I'm glad to say I am well pleased with the peach trees I ordered from the Chase Nursery some time past; I set them out and not one died out of the fifty trees; they are growing nicely.

Fulton, Ky., April 25, 1916. Many thanks for your prompt shipments; must also say your trees are the best that are sold in this county. My patrons are all well pleased.

Florida, April 20, 1916. I take pleasure in handing you the enclosed money order to pay the enclosed bill. The trees all came through in fine shape. My customers were well pleased with them.

Missouri, January 28, 1916. Enclosed find check in payment for stock received last December. The pecan trees were in fine condition when I received them.

Texas, January 27, 1916. Please find check enclosed for payment of what I owe you. Let me thank you for sending all goods on open account and PROMPTLY. Must also thank you for sending us such nice clean No. 1 plants; never anything bad, or even not good. It is a pleasure to open shipments from you, as we find goods every time better than bought.

SPHAGNUM MOSS

Bone dry, bright, Sphagnum Moss, put up in wire-bound bales, size 24x14x18 inches. Price per bale, F. O. B. here, $1.35.

Note — The average weight per bale is not guaranteed because this material loses in weight constantly, due to evaporation.

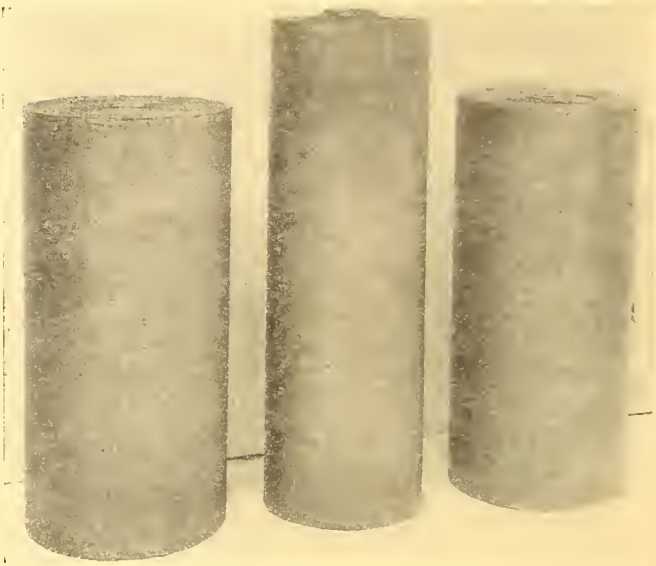
Our Barberry Thunbergii is bushy, beautifully rooted stock, and we can supply all grades in quantity.

We have several hundred very nice Cornus Florida 4 to 5 feet and 5 to 6 feet.

50lb Box Steel Box Straps.

### STEEL BOX STRAPS

One-inch wide, 9 inches long, thin, soft steel, strong enough to hold the heaviest box. You can drive an ordinary nail through it without punching. About 1400 pieces in 50 pounds. Less than 50 pounds, per lb, 6 cents; 50-lb. boxes, per box, $2.60. Per 100 lbs., $5.00.



### BOX LINING PAPER

Risky business to pack in unlined boxes. This paper is tough, resists a good deal of moisture, almost waterproof. Helps keep out heat as well as frost, protects contents of box from drying winds. Put up in rolls 30, 36 and 40 inches wide, about 100 pounds in a roll. One roll of 40-inch will completely line about 27 full-size cases. We cannot break rolls. Per lb., 7 cents.

### BUNCHING

FRUIT TREES, 1 TO 2, 2 TO 3, AND 3 TO 4 FEET, ARE TIED 25 TO THE BUNCH. ALL LARGER GRADES, 10 TO THE BUNCH. PLEASE MAKE YOUR ORDERS IN MULTIPLES OF THESE QUANTITIES.

# Cordage, Twines, Etc.

The high prices this season on all items of Cordage are due to war conditions and our people tell us that these high prices may go higher. It is difficult to get deliveries from Cordage or Paper mills on short notice. Our contracts were placed early and we expect to be able to take care of your orders promptly during the season. ALL PRICES ARE SUBJECT TO MARKET CHANGES.

Two-Ply Sisal Cord.

(Breaking strength, 170 lbs.). For express bales. On reels of about 60 to 75 lbs. each. The best cord for this purpose, cheaper and stronger than a ten-ply jute cord. Cannot break reels. Prices, per lb., 16c.

Tarred Sisal Yarn or Lath Cord.

In coils. Many ends. Good for tying trees for storage or cellars. About 100 pounds to a coil. Per lb., 17½ cents.

— —

Quick action without lost motion is the rule at Chase. With the postoffice, freight, express and telegraph right at our doors and two lines of railroads with side tracks it is fun to do business when the rush is on.

— —

We have the best prospects for "home-made" transplanting stock for spring of 1917. A complete list will be ready in early November.

Special attention called to our Amoor River North Privet this season; the plants are stock, and even the two-cane grades are unusually heavy.

## CORDAGE, TWINES, ETC. (Continued).

**SAIL TWINE.** For sewing Burlap. Put up in Skeins; 10-ply best Cotton, the kind we use, per pound 37½c. Medium grade 3 ply Jute, a larger twine than the cotton, per pound 30c.

Bale of Wool Twine.

**Four - Ply Wool Twine.** For tying in bunches. Put up in balls of about one pound each. Packed in bales of about 130 lbs. The strongest, most uniform wool twine made. Not loaded with "dope." will run about 260 feet to pound. In bale lots, per lb., 15¾c; in less than bale lots, per lb 17½c.

**Three-Ply Wool Twine.** For bunching small fruits, roses, etc., this is plenty strong and because of the greater yardage is cheaper than the four-ply. For fruit trees, shade trees, etc., use the four-ply. Price per pound, same as four-ply.

## NEEDLES FOR SEWING BURLAP

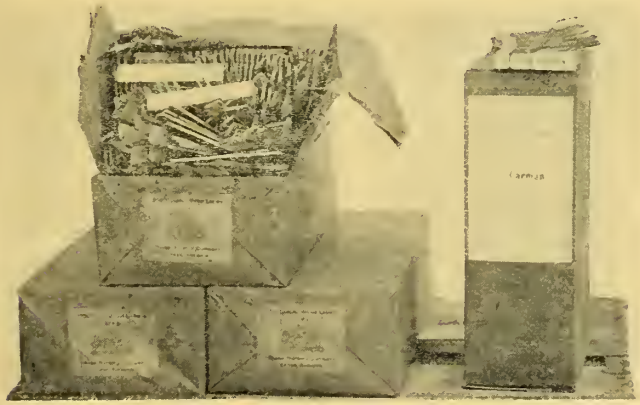
Five-inch, extra quality, large eye, 40 cents per dozen; 5-inch, common, 25 cents per dozen.

## BURLAP

Because of condition due to the European war the burlap market is still unsettled and about all the "good scrap" has been cleaned up. We are now figuring on a supply of re-worked hundred yard lengths good quality burlap; also on a lot of selected pieces running two to three yards each. Cannot print prices. Will have something to offer you by the time this catalogue gets around. Write us.

Burlap—Sewing (Sail) Twine—Needles.

## TREE LABELS



Plain Labels. Printed Labels.

**Iron Wired.** 3½ inches, plain, 1,000 to package; 80 cents per 1,000, by freight or express. In 5,000 lots, 75 cents per 1,000; in 10,000 lots, 70 cents per 1,000.

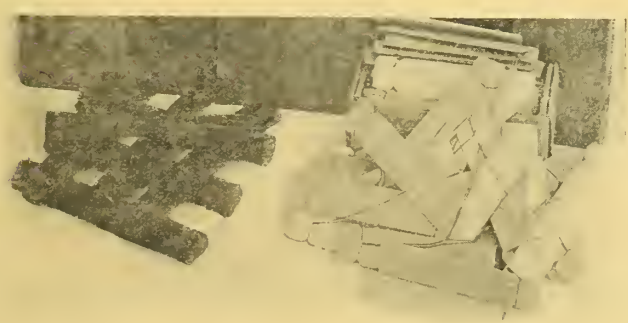
**Copper-Wired.** Size same as above, add 15 cents per 1,000.

**Printed Labels.** We can furnish nearly every variety covered by this trade list, but will not sell less than 100 of a kind. These printed labels are copper-wired, 2½-inch notched. Price, 20 cents per 100, postpaid; $1 per 1,000, by freight or express; in 5,000 lots, 85 cents per 1,000.

**LARGE "HEAD" LABELS.** Size, 5x1⅛ inches, copper-wired, blank, painted, packed 200 in box. Price per box, 80c.

**Label Wire.** Best Copper wire, cut 7 inches long. Per lb., 75c.

**Label Wire.** Best Iron wire, cut 7 inches long. Per lb., 45c.



Label Wire. Head Labels.

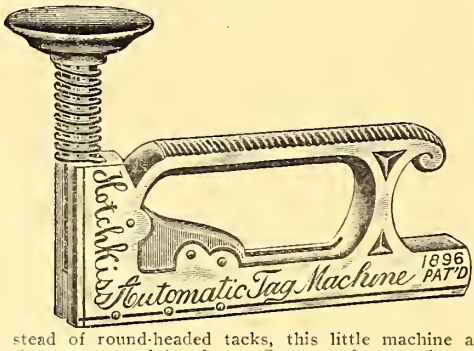
## STRAWBERRY LABELS (Pointed)

Size 8x⅞, plain (not painted or printed), packed 500 to box, slip under string on bunches of Strawberry Plants. Also used in small flower pots. Packed 1000 to box. Price per box .65c.

## FLORISTS' POT LABELS (Pointed)

Size 8x⅞, plain (not painted or printed), packed 500 to box. Price per box $1.65.

## AUTOMATIC TACKING MACHINE

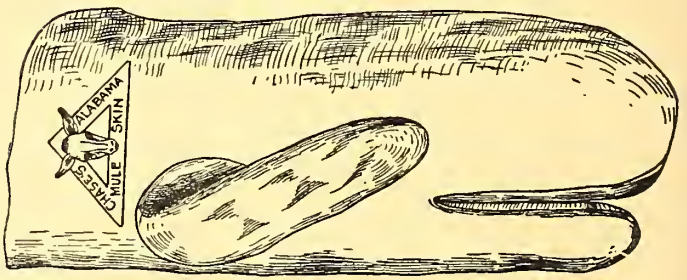


For fastening tags or cards to tree boxes, cars, etc. The slickest little labor saver in our packing house. No hunting for tacks, no finger pricks, fumbling for hammer, or lost motion. Just lay it on top of tag or card and tap the knob with palm of hand. A light tap quick as lightning will tag a box so quickly and easily that it is a joy to do it. Instead of round-headed tacks, this little machine automatically staples the tag or card in place. Guaranteed to work on any wood. Money back if not satisfactory. Will ship on 30 days' trial to any responsible nurseryman. Machine guaranteed against breakage for three years. Machine, each, $1.50. Postpaid, $1.80. Staples, per box of 5,000, $1.50. Postpand, $1.70.

### TESTIMONIALS

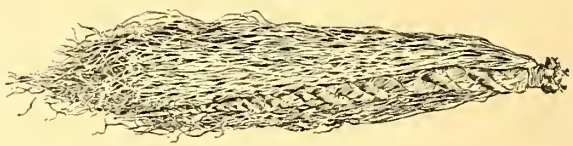
California. "I think your tacking machine paid for itself the first couple of days. There is no lost staples, tacks, or hammer to look around for. Where you have the machine, you have the whole works complete. Check inclosed."

## ALABAMA MULE SKIN MITTENS



A leather mitten with separate sheath for forefinger, the other three fingers in one sheath. Made from mule skin. Nearly as durable as buckskin, at one-fourth the cost Single pair, by mail, 50c, postpaid; per dozen pairs, by freight or express, $5.75.

## RAFFIA



Low-priced, poor quality Raffia is expensive always. We get the best quality, long, white, flat strands.

Price per pound in lots under 10 pounds ..... 20c
Price per pound in lots of 10 to 50 pounds ..... 17½c
Price per pound in lots of 50 to 100 pounds ..... 16c

Write for prices in full bales of about 220 pounds F. O. B. here.

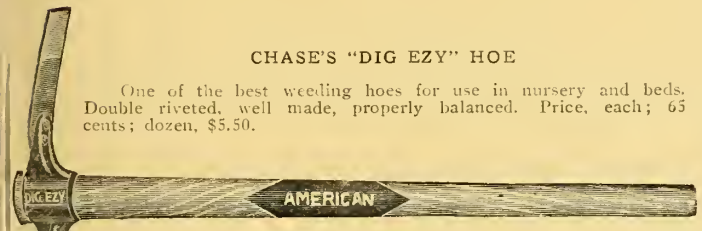
## AMES NURSERY SPADE

D handle, double strapped full length of handle, tapered nursery spade; size of blade, 12¾x7½x5½; weight, 9 pounds; $1.50 each, $18 per dozen.

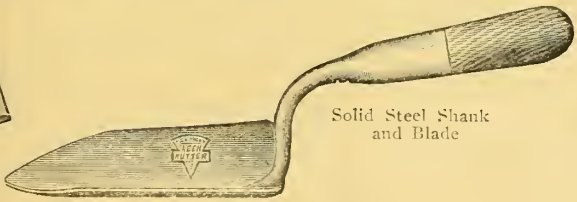
SPADE HANDLES for above spade. These handles are bent to fit, and riveted. 40 cents each, $4.50 per dozen.

## CHASE'S "DIG EZY" HOE

One of the best weeding hoes for use in nursery and beds. Double riveted, well made, properly balanced. Price, each; 65 cents; dozen, $5.50.



## EXTRA HEAVY TROWEL

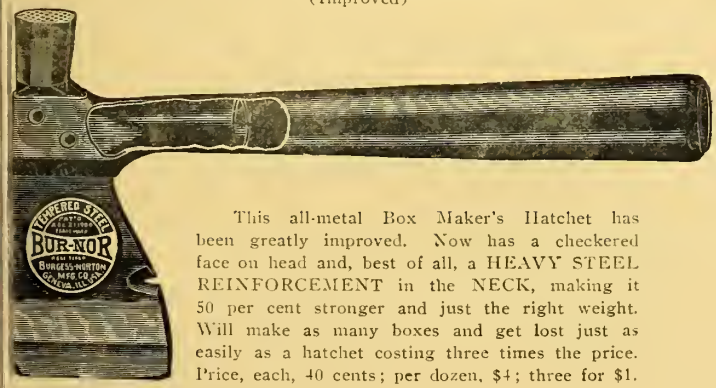


Solid Steel Shank and Blade

This is, we think, the best trowel made. Shank is solid steel. No rivets. Will last for years. 90 cents each, postpaid; 75 cents each with other goods, by freight or express.

## BOX MAKER'S HATCHET

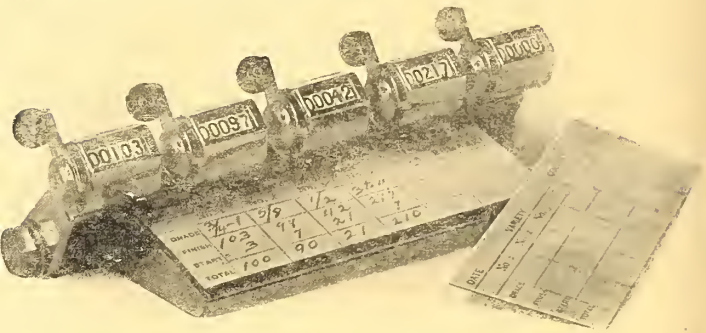
(Improved)



This all-metal Box Maker's Hatchet has been greatly improved. Now has a checkered face on head and, best of all, a HEAVY STEEL REINFORCEMENT in the NECK, making it 50 per cent stronger and just the right weight. Will make as many boxes and get lost just as easily as a hatchet costing three times the price. Price, each, 40 cents; per dozen, $4; three for $1.

## CHASE TREE COUNTER

Better than ever. Prices reduced. Note the new size—a three-dial machine.



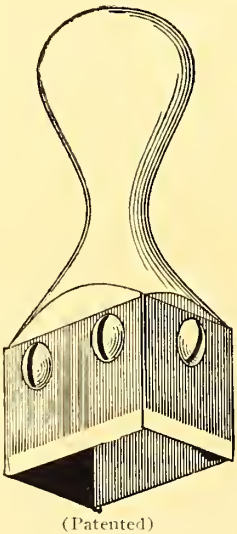
Designed by Robert Chase

We now offer this great labor-saving machine in three sizes. These new machines are of the very latest type, extra heavy levers and springs, solid construction, heavily nickel plated. **Guaranteed for three years.** If for any reason a dial fails to work properly, send it to us to be put in order and returned without charge. The Chase Tree Counter is now used by most of the leading nurserymen.

Three-dial machine with 1,000 record cards, delivered_____$12.25
Four-dial machine with 1,000 record cards, delivered_____ 14.00
Five-dial machine with 1,000 record cards, delivered_____ 16.00

Extra record cards correct size, printed like cut, 65 cents for 500; $1.10 per 1,000, postpaid.

Accurate, quick; no guess work. Place in the hands of a good man, and as he passes down the row he presses the lever which indicates the grade of the tree. When through with a variety, the dials show the total number of each grade in the block—the only method of taking a correct grade count in the field.



(Patented)

## THE JONES PATCH BUDDER

Designed especially for budding Nut Trees or other subjects which cannot be propagated by ordinary methods. With this Budder, Pecans, Walnuts, Hickories, Chestnuts, Persimmons, etc., may be budded almost as easily and rapidly as the more common fruit trees are budded.

With careful work, one entirely inexperienced in propagation can get good results with this Budder right from the beginning and with some practice, can do rapid and very efficient work.

This little tool is now used by the U. S. Government; many Experimental Stations and by all the leading propagators of Nut Trees, both North and South. Made of aluminum, machined perfectly true and nicely finished. The blades are made from safety razor blade steel, but of heavier stock. With full directions for budding Nut Trees, handling the buds, preparing waxed muslin, etc.

Price, $1.50 each, prepaid.

### GRAFTING THREAD

Put up in balls and packed 20 balls to the box. A box of 20 balls will wrap about 40,000 average grafts.

Price, per ball, unwaxed_____$0.08
Price, per ball, waxed_____ .12
Price, per box of 20 balls, unwaxed _____ 1.25
Price, per box of 20 balls, waxed _____ 1.90
(If mailed, add two cents per ball for unwaxed and five cents per ball for waxed.)

The above illustration shows a ball of our grafting thread, with a pencil run through the hole in the center. Many nurserymen prefer to suspend the ball of grafting thread from a wire to be unwound as it is used. We prefer to keep the grafting thread in warm water while it is being used, as described below. This can be used either way.

#### To Keep Grafting Thread in Good Condition While Using

Put a ball of waxed grafting thread into a quart cup or pan (a tomato can will do), fill it half full of water and arrange over a lighted lamp or small oil stove to keep the water warm.

#### Formula and Directions for Waxing Thread

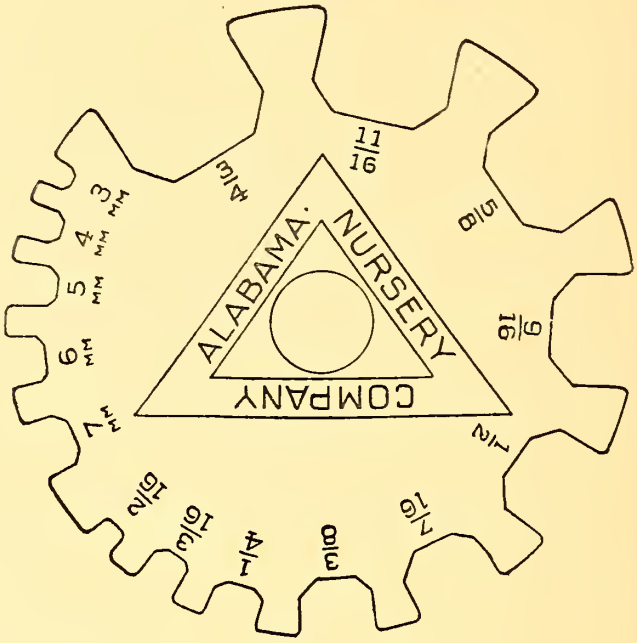
One part (by weight) tallow, two parts (by weight) pure beeswax, four parts (by weight) rosin. Put all in an open kettle and melt down. When boiling, stir thoroughly, throw in balls of thread loosely wound. When the balls sink to the bottom of kettle, the wax has gone through and they are ready to come out; when cool, are ready for use. It will require from two to four minutes for balls to sink.

### GRAFTING WAX

For out-door use in top grafting fruit trees, etc. Often you have use for a small quantity of Grafting Wax and do not want the bother of mixing it. This will just fill the bill.

1-4 lb cake, Postpaid_____15c
1-2 lb cake, Postpaid_____20c
1 lb cake, Postpaid_____35c

## IMPROVED TREE GAUGE



Price, any quantity, 50 cents each.

Designed by Herbert Chase. Made from "Sheradized" steel (a new process of treating steel), absolutely rustproof, both sides marked alike, always right side up, guaranteed accurate within one-hundredth of an inch, indestructible, easy to read.

## FUMIGATING CHEMICALS

Cyanide

Sulphuric Acid

(See page 45.)

## DIRECTIONS FOR FUMIGATING NURSERY STOCK WITH HYDROCYANIC ACID GAS

The necessary equipment consists of an air-tight chamber, (box or room,) a glazed earthenware vessel, a measuring glass graduated to ounces, and a set of accurate scales. The necessary chemicals are either Cyanide of Potash (98%) or Sodium Cyanide (97-99%) and Sulphuric Acid (specific gravity 1.83). Care should be taken to secure either the 98% Cyanide of Potash or 97-99% Sodium Cyanide, otherwise an insufficient amount of gas would be generated. This chemical must be kept in air-tight containers and so packed will keep indefinitely. It is a deadly poison and should not be left where it will fall into the hands of children or careless persons, and should never be handled by a person having open sores, cuts or bruises on his hands. The gas is colorless and if inhaled in quantity is fatal; smaller amounts induce headache or dizziness.

The best commercial grade of Sulphuric Acid should be used. This Acid must be kept in a glass or earthenware vessel tightly stopped with a glass or lead stopper. Be sure that your fumigating box or room is air-tight or gas-proof.

The standard formula for fumigating each 100 cubic feet of space contained in the fumigating house is as follows:

1 oz. Cyanide of Potash (98%) or ¾ of 1 oz. Sodium Cyanide (97-99%)

2 Fluid oz. Sulphuric Acid.

4 Fluid oz. Water.

The glazed earthenware vessel should be somewhat larger than is necessary to hold the chemicals. A one or two gallon jar is perhaps the best container.

The trees, as dug and brought from the field, should be placed in the fumigating house, care being taken to see that they are free from any considerable quantities of mud or dirt. The trees should not be fumigated when they are wet, as it has been shown that in this condition they are likely to be injured by the gas. When the compartment is full of stock, close all openings except the door. Place the jar on the floor near the middle of the room, pour in the required amount of water, and then slowly pour in the acid. The cyanide previously weighed and inclosed in a tight paper bag is now dropped into the jar and the operator leaves immediately and closes the door tight. The steps in this operation should never be varied. If water is poured into the acid, a violent action takes place and may be the cause of injury to the operator. Inclosing the cyanide in a paper bag makes it convenient and safe to handle and retards the generation of the gas for a moment after being dropped, thus allowing time to leave the room and close the door securely.

Keep the room closed for forty minutes, at the end of which time the door and window should be thrown open, care being taken to avoid the outward rush of gas. After fifteen minutes of airing, the room may be safely entered and the stock removed, being now ready for packing or heeling in. After fumigating, the contents of the jar should be buried. Georgia State Board of Entomology advises nurserymen to use Merck & Co.'s cyanide when in original sealed packages. See Bulletin No. 15, pages 20-23.

### CHEMICALS

**SODIUM CYANIDE** (Merck & Co.'s 97-99%) Lumps, in original sealed tin packages, 1-lb cans 70c, 5-lb cans $3.25. Cyanide is excluded from the mails but can be shipped by express or freight.

**SULPHURIC ACID** (Specific Gravity 1.83). Large, glass stoppered bottles, securely packed in cases ready for shipment. 10-lb bottle $2.50. Sulphuric Acid cannot be shipped by express, but can be shipped by freight.

Buy chemicals of your local druggist if you can secure Merck's cyanide in unbroken, original packages, and sulphuric acid that has been kept in a glass- stoppered bottle.

# Office Supplies

## ORDER BOOKS

Regular (old) Form.

Put up in books of 100 sheets, perforated at top, your name printed at top and bottom; bound in Manila cardboard. Size of book, 4x10¾ inches. Will not sell less than 500 (5 books). Sample sheet free. Price per 500 (5 books), $2.75; per 1000 (10 books), $3.65. Postage extra, 5c per book.

New Form
Order Book

## ORDER BOOKS

Special (new) Form

Contains no purchase contract. Intended for special work, city trade, etc. A very neat flexible leather cover. The order sheets are in triplicate with two sheets of carbon paper. Printed in your name; top sheet white, second sheet buff, third sheet plain tissue. A very classy order book. Sample set free.

## PLATE BOOKS

We have had some special Plate Books made up, containing variety of Fruit Trees, Small Fruits, Shrubs, Shade Trees, Hedge Plants and Roses, that are all adapted to the general South. These books are bound in black leather, open at the top showing one plate at a time, contain nine plates, with stubs for about 25 additional plates.

Price each book $5.40

## TESTIMONIALS

Kentucky, February 29, 1916.—Last year I advised you that I was developing a peach-growing section in Escambia County, and I am gratified to know that the several cars of trees you sold to those growers measured up to what I told them they would find, in fact I backed my own judgment to the extent of some 2,000 trees and my man told me they were fine stock.

Missouri, April 7, 1916.—Your kind favor 8th enclosing sample of your stock book was only what I expected from your company, whose courtesy is only exceeded by the quality of stock they ship.

North Carolina, February 1, 1916.—Am enclosing check to cover recent shipment and wish to say to Mr. Chase that we are under many obligations to you, the shipment arrived OK and was in excellent condition.

Kansas, February 2, 1916.—Thank you for the prompt filling of my order and fine stock.

Oklahoma, January 4, 1916.—Please send us three more pairs, French Shears 6 inch—the more we cut'm, the better we like'm.

Alabama, February 28, 1916.—Find check to pay for the nursery stock which you shipped recently, the trees and shrubbery are satisfactory in every way.

Oklahoma, February 17, 1916.—The two boxes of trees came in yesterday; I was out this morning and took a look at the trees as they were thrown out of the boxes. I want to say they are alright and perfectly satisfactory.

Tennessee, November 8, 1915.—Stock received and opened up fine, thank you for quality of stock and promptness.

Colorado, April 1, 1916.—As usual your stock opened up in A 1 shape, knew what was in the boxes before I took the covers off, knew what to expect, a great satisfaction.

Tennessee, March 13, 1916.—A few years ago my brother———— sent me a few hundred trees from your nursery and they have given such satisfaction that I want more.

New York, June 19, 1916.—Enclosed find check covering the Roses, the stock was most satisfactory and is growing well. If next season you have more of the same grade I may be glad to figure with you on it.

Mississippi, December 18, 1915.—Shipment of apple and Mayflower peach received in good order and well pleased with same. Will remit in due time. Thank you very much for promptness.

Arkansas, March 13, 1916.—Your favor to hand, thank you for your promptness in caring for our business.

Georgia, February 28, 1916.—My order for 550 Red June Plum trees arrived and were opened up today; nicer trees I have never seen.

Oklahoma, April 5, 1916.—My bill of trees came all right and they were very fine, thank you.

Tennessee, April 11, 1916.—I received the Peach and Cherry in first class condition, and I wish to state further that in all the 12000 trees I have only found one bunch of 25 trees slightly damaged.

Colorado, June 2, 1916.—Enclosed find draft in payment of bill. Thanks for your quick service and stock you sent.

Georgia, February 4, 1916.—Your roses received and are real nice.

Kentucky, April 25, 1916.—Many thanks for your prompt shipments, must also say your trees are the best that are sold in this county, my patrons are all pleased.

Alabama, February 19, 1916.—The peach trees arrived OK today, they seem to be in good condition.

## Certificate and Fumigation

Entomologist Certificate of Inspection will accompany all shipments unless we are otherwise instructed.

Where State laws do not require certificates we can ship under plain tag if desired.

We are prepared to fumigate with Hydrocyanic Acid Gas, and will do so when requested, or where State laws require it.
